## MEMORANDUM

To: North Metro GNETS Parents, Guardians, and Stakeholders

From: Dr. Cassandra Allen Holifield, North Metro GNETS Director

Subject: Coronavirus Covid-19 Update

Dear Parents, Guardians, and Stakeholders of North Metro GNETS,

Due to the Public Health State of Emergency for Coronavirus (Covid-19) issued by Governor Brian Kemp on March 14, 2020 the academic, behavioral, and therapeutic support services of North Metro GNETS will temporarily be modified to meet the needs of our students, staff, and families. Your child’s health, well-being, and safety is extremely important to the entire North Metro GNETS staff and me. As you know, North Metro GNETS is a program and is an extension of each of our respective school districts that we serve which are Atlanta Public Schools, Fulton County Public Schools, and Gwinnett County Public Schools (Buford City Schools). Therefore, we work in collaboration with each of our respective school districts and our Superintendents. All of our North Metro GNETS school districts have declared Digital Learning Days for the next 2 weeks or more that are unique to each of them. We will adhere to each of our respective school district’s guidance, that of the Centers for Disease Control (CDC), and the Georgia Department of Public Health. Our teachers, school social workers, school psychologists, school counselors, support staff, and administrators will all be reaching out to you to provide you with support throughout these unprecedented times using various virtual technologies so we can practice social distancing to keep us all safe. You are an important part of our North Metro GNETS team and we are here for you. Please expect to hear from us over the next few weeks and also check your child’s school district’s website, Facebook page, and/or Twitter on a regular basis for updates. We are all in this together and we’re here to support you.
