## Raider Academy

A summer camp for rising 6<sup>th</sup> graders at Radloff Middle School

June 11 – June 13  
9:00am – 12:00pm

## Raider Academy

### \*Language Arts Workshop:

Reading and Writing can be fun! Students will get a head start with a look at some of the most important topics of Middle School Language Arts, as well as Writing tips that will help them be academically successful.

### \*Math Skills with Problem Solving:

The basic steps of the problem solving process will be studied, practiced, and reviewed. The main topics of the sixth grade math curriculum will be introduced. Students will be using multiple strategies that include mental math, paper and pencil calculations, calculators, and writing to describe and explain their mathematical thoughts.

### \*Maps, Globes, and Timelines:

Discover how much fun Social Studies can be! This class will make their own personal timeline and become “researchers” who record data and create maps. To learn how to use cardinal and intermediate directions, we will go on a scavenger hunt using compasses. Come see why Social Studies is truly the “social” subject area!

### \*Science Inquiry:

We will introduce the characteristics of Science through lab investigations. Students will conduct investigations to learn about the scientific method and how it is used in the sixth grade. These labs will include practice in asking questions, following procedural directions, recording data, and applying what they learn.

### \*Connections:

Dabble in some exciting curriculums as you explore our connections program. In this class you will experience a sampling of a variety of popular connection classes offered at Radloff Middle School. Get ready for some fun!

### \*Middle School Experience:

All students will participate in a *Middle School Experience* class. The purpose of the class is to familiarize students with the Radloff Middle School campus and lessen anxiety about attending middle school. Students will practice opening and using lockers and have scavenger hunts to learn more about the campus. You will also get to know yourself a little bit better, and how you can be your best! Find out how to build on your personal strengths, look at the way you communicate and how others can see the best you. Class activities will address cooperation, communication, leadership skills, and how they will help you rise to the top of the sixth grade!

## Raider Academy Registration

on-line only at  
[www.mypaymentsplus.com](http://www.mypaymentsplus.com)

**Registration deadline is  
May 17<sup>th</sup>!**

**Please contact Lisa Wells in the  
Parent Center at (678) 245-  
3417 if you have any questions**
