Local school improvement connected to district's strategic direction

Gwinnett County Public Schools' accountability system for improving schools is called the Results-Based Evaluation System (RBES). RBES fairly and systematically measures a school's progress, providing a process that clearly communicates expectations; reviews, monitors, and supports school performance; and evaluates that performance. With a waiver from federal requirements during the COVID-19 pandemic, the Georgia Department of Education did not administer state tests in the spring or produce related reports on school effectiveness. This abbreviated report reflects available graduation and achievement data from the 2019–20 school year. Using local data, school

administrators, teachers, and parent advisory groups developed this year's Local School Plans for Improvement (LSPI) which outline our improvement goals and guide the work we will do throughout the 2020–21 school year to support student learning. These improvement plans are connected to the school district's strategic direction and our core business of teaching and learning. Find our school's LSPI on the website. The Collins Hill school council and school leaders collaborated on the highlights in this accountability report, which also serves as the school's annual report. **Please review this report to learn more about our improvement efforts and progress.**

2019–20 Results: College-Admissions Tests

Students are encouraged to take one or both of the college-admissions tests that most colleges and universities require for admissions. The two tests—the SAT and the ACT—both assess college-readiness in language arts/reading and mathematics, with a science section on the ACT, and an optional essay component. SAT and ACT postponed and/or cancelled administrations or reduced sites due to COVID-19.

2019–20 Results: Advanced Placement (AP) Exams

Advanced Placement (AP) courses are challenging, college-level classes taught by specially trained high school teachers. Students have the option of taking an AP exam at the end of the school year. Many colleges award credit for passing the exams or allow a student to exempt certain courses. The table below shows the percentage of students who took an AP class at Collins Hill High, compared to the county average. The chart also shows the percentage of optional, course-specific AP exams taken, as well as the percentage of test-takers who scored 3 or better on a 5-point scale on one or more AP exams. In 2019–20, 10.9% of courses taken at Collins Hill HS were AP courses, compared to 9.4% at all GCPS high schools. Note that AP exams were administered differently in 2019–20 due to COVID-19.

Collins Hill High School

Other 2019–20 Highlights...

- Collins Hill was recognized as a 2020 Advanced Placement (AP) Honor School in four categories— AP Access and Support, AP STEM, AP STEM Achievement, and AP School of Distinction.
- CHHS was ranked #55 in Georgia by *U.S. News and World Report*, #55 by Niche Best Public High Schools in Georgia, and #5 Niche Most Diverse Public High Schools in Georgia.
- The Class of 2020 was offered approximately \$4.7 million in scholarships, not including HOPE Scholarships. Seniors recorded 9,000+ service hours and ran successful fundraising campaigns for Relay For Life, United Way, and Holiday Hope. CHHS graduates included 225 honor graduates, three Commended National Merit Scholars, and 21 graduates enlisting for military service.
- Kerensa Wing was named 2020 National Principal of the Year, reflecting the outstanding accomplishments of our students and staff.
- Athletics: Girls Basketball (Region Champ, State Runner-Up), Volleyball (Sweet 16), Water Polo (State Runner-up), Girls Flag Football (State Runner-up), Wrestling (Region Champ, State Runner Up-Dual and Traditional, five individual state champs), and state berths in Softball, Boys Basketball, and Football. JROTC received a Community Service Award.

2019–20 Graduation Rate Information

The Graduation Rate is calculated using the number of students who begin 9th grade at the same time and graduate within four

Graduation Rate (2017 to 2020)

	2017	2018	2019	2020

years with a regular education diploma. Students who take longer than four years to complete high school are not considered on-time graduates for the purpose of graduation rates, but they are not considered dropouts either. Additional students in the cohort will go on to graduate with a full diploma in their 5th year. Data shows that large numbers of students moving in during high school who are behind can have a negative impact on a school's graduation rate, just as having students move who can't be accounted for affects the rate. A number of GCPS initiatives— Credit Recovery, Online Campus courses, 7th period classes at Phoenix High, and summer school— offer students more opportunities to get and stay on pace for on-time graduation. GCPS is working to ensure that all students graduate, even if some students need more time to do so, and that all students are college- and career-ready. As a result of COVID-19, the Class of 2020 was granted a one-time waiver of the Gateway assessment requirement.
