## Local School Plan for Improvement

### W. C. Britt Elementary School

Melissa Madsen, *Principal*

Joe Ahrens, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

We will build our parents' capacity to support their children's academic achievement by implementing the activities identified in The Plan/The Promise.

- **Long Term Goal**

No goal associated with this objective

- o **Annual Goal**

The percentage of Kindergarten, first-grade, and second-grade students at Britt Elementary School scoring in the proficient and distinguished categories on the English Language Arts District Assessment Posttest will be at the district average. Forty percent of third-grade students will score at the proficient and distinguished categories on the Georgia Milestones English Language Arts portion. The percentage of students in fourth and fifth grades scoring in the proficient and distinguished categories on the Georgia Milestones English Language Arts portion will increase by 5% over their 2021 results. Fourth-grade students will increase from 33% to 38% scoring in the proficient and distinguished categories and fifth-grade students will increase from 43% to 48%.

- o **Annual Goal**

The percentage of Kindergarten, first-grade, and second-grade students at Britt Elementary School scoring in the proficient and distinguished categories on the Mathematics District Assessment Posttest will be at the district average. Forty percent of third-grade students will score at the proficient and distinguished categories on the Georgia Milestones Mathematics portion. The percentage of students in fourth and fifth grades scoring in the proficient and distinguished categories on the Georgia Milestones Mathematics portion will increase by 5% over the 2021 results. Fourth-grade students will increase from 25% to 30% and fifth-grade students will increase their scores from 44% to 49%.
