Local School Plan for Improvement

Camp Creek Elementary School

Valerie Robinett, *Principal*

Clifton Alexander, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

• Long Term Goal

All students at Camp Creek Elementary will meet or exceed their expected levels of student performance growth on the Math, English Language Arts, and Science subtests of the Georgia Milestones Assessment by the end of the 2025-26 school year. Our students will leave Camp Creek Elementary with the knowledge and skills necessary to be successful in middle school and to be able to pursue the college and career of their choice.
