Local School Plan for Improvement

Kanoheda Elementary School

Dranita Morrow, *Principal*

Dr. Terry Watlington, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

• **Long Term Goal**

100% of Kanoheda students will demonstrate increased performance on the Math, Language Arts, Science, and Social Studies Milestones subtests from the 2016-17 baseline year. A minimum of 60% of students will perform in the Proficient/Distinguished range by 2021-2022. Individual students will meet or exceed their expected levels of performance/growth on each Milestones subtest.

o **Annual Goal**
