## Local School Plan for Improvement

### Nesbit Elementary School

Dr. Marketa Myers, *Principal*

Dr. Terry Watlington, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

We will build our parents' capacity to support their children's academic achievement by implementing the activities identified in The Plan/The Promise.

- **Long Term Goal**

Nesbit Elementary students will meet or exceed the percentages of the state averages on the EOG Georgia Milestones Test in Math, Language Arts, Science, and Social Studies.

- o **Annual Goal**

During the 2021-22 school year, Nesbit Elementary students in grades K-5 in ELA will meet or increase proficient and distinguished at each grade level (see attached chart) as measured by the end of year district formative assessments by the end of the school year. The percentage of proficient and distinguished for third through fifth grade students at Nesbit Elementary will increase over the 2020-21 averages at each grade level as measured by the Georgia Milestones End of Grade test.

- o **Annual Goal**

During the 2021-22 school year, Nesbit Elementary students in grades 3-5 in Science will meet or increase proficient and distinguished at each grade level (see attached chart) as measured by the end of year district formative assessments by the end of the school year.
