RISING JUNIORS
CLASS OF 2023

NEW IMMUNIZATION RECORDS REQUIREMENT
FOR THE 2021-2022 SCHOOL YEAR

If your student is in 11th grade during the 2021-2022 school year, after they turn 16, submit an updated Georgia immunization form 3231 by email to the Registrar, fax to (770) 978-5075, or in person in the A1 Counseling Office.

- All students entering or transferring into 11th grade next year will be required to show proof of an additional MCV4 (meningococcal vaccine) that has been given on or after their 16th birthday.

- The date the vaccine is given must show that it is on or after the student’s 16th birthday (there is a 5 day grace period prior to the 16th birthday). If it is given sooner than the grace period, it will not be valid for 11th grade.

This new immunization requirement for 11th graders will be effective on July 1, 2021 for the 2021-2022 school year.
