

March 18, 2020

Dear Parents and Guardians of Students with Disabilities,

As the situation regarding COVID-19 continues to evolve, Gwinnett County Public Schools' Department of Special Education and Psychological Services would like to reassure you that we are working diligently to continue to provide educational services to the extent possible during the district's Digital Learning Days. Our digital platform provides access to digital lessons that meet a wide range of student needs. Activities are designed to provide a Free and Appropriate Public Education (FAPE) for each student. Should you have questions regarding access or needed materials, please contact your child's teacher.

If your child has an IEP, eligibility, or re-evaluation meeting scheduled during Digital Learning Days, these meetings will be rescheduled as expeditiously as possible once students return to school. Please note that if your child's annual IEP review is due prior to our return to school, **services will not** end on that date. We will continue to provide the IEP services to the extent possible in a digital platform during Digital Learning Days.

We will continue to monitor information provided by the Federal and State Departments of Education and Departments of Health. We will continue to communicate with you as updates occur. If you have any questions, please contact Gwinnett County Public Schools' Department of Special Education and Psychological Services.

Patrick Kane

Executive Director of Special Education and Psychological Services

**Gwinnett County  
Board of Education**

*Louise Radloff*
