

# DEVICES @ DULUTH

## WHAT DOES THIS MEAN FOR MY STUDENT?

---

2021-2022 SCHOOL YEAR

### DO I NEED A DEVICE?

For the 2021-2022 School Year, all students will have a device. We encourage students to bring their own laptop/chromebook and charger to school every day.

Need a device? You can check out a device from DHS at Open House on Friday, July 30th from 3:-5:30. Beginning August 4th, checkouts are available before school and during all lunches in Lab 201.

Protective Cases will be available for purchase.

### WHAT ARE THE EXPECTATIONS?

Students are expected to bring a device and charger every day to all classes.

Students are responsible for their device and DHS is not responsible for lost/stolen or damaged devices.

Fees will be assessed if damage or loss occurs to school managed devices. A fee schedule will be provided at checkout along with an end user agreement. Digital copies of these documents will be emailed as well.

### Fees For Damage/Lost Devices

Lost Chromebook.....\$270

Damaged Screen.....\$50

Damaged Keyboard.....\$50

Lost/Damaged Charger.....\$26

### PASSWORD RESET FOR STUDENT PORTAL

On July 23, 2021, student passwords were reset to reflect their birthdays.

To access the student portal, students will use their numeric birthday in the password field using the MM/DD/YYYY format. Ex: a birthday of June 9, 2015 would equal a reset password of 06092015.

Students will be required to change their password immediately after the first successful login to the student portal. This must be done on a personal laptop/chromebook, smart phone, or DHS desktop computer.
