**9th Period Flex Information
(Hannah White and Jimmy
Woodward)**

9th period Best Practices:

- Take attendance for your 9th period flex session the same way you would take attendance for other classes
- Let students into your room even if you think they should have been placed somewhere else.
- *Do not write a pass for a student to go to a different teacher's flex period.*
- Only students who should be sent down to the commons to see Jimmy and Hannah are students *without an assignment* - There is not an option to change their assignment on the day of flex period.
