Gwinnett County Public Schools Parents and Guardians,

The nationally recognized before and after school student enrichment provider [Right at School](#) is coming to Gwinnett County! Beginning with the 2022-2023 school year, Right At School will provide after school programming in select schools.

The Right at School program runs from the afternoon bell until 6:00 p.m. Parents/guardians can work with Right at School to create flexible monthly schedules to support families' busy lives. Families can choose afternoon options for one, two, three, four or five days a week. Drop-in care is also an option, allowing parents/guardians to pay only for the days care is needed. Right at School also offers a 10 percent sibling discount.

Every day, students will have a healthy snack, engage in dynamic fitness activities, student-driven projects, team building, leadership development, and have the opportunity to complete homework. Right at School also features an enriched curriculum in the form of three-week units. Examples of units include "Getting Down to Business," where students are introduced to money and commerce; "Icky Experiments," where students experiment with sticky substances to learn chemistry; and "Variety Show," where students rehearse and perform individual talent acts. We are excited to join other local school districts in partnering with Right at School to provide these exciting programs to our families.

Right at School is hosting several virtual Family Information Nights to provide an overview of its program, answer questions and learn more about the Gwinnett County community. The zoom link info is below. Feel free to join a meeting that best suits your schedule:
