

# Students Who Read Will Succeed!!!

## Be a Part of TMS's Summer Reading Celebration & Join Our "Community of Readers"

At TMS, we are committed to ongoing efforts to promote and celebrate reading extending across each summer. Our Summer -Focused Reading Celebration begins with an *online Scholastic book fair*, which only lasts for 14 days: **Monday, May 3rd to Sunday, May 16th**. Parents and students are urged to support the online book fair and to purchase your summer reading titles at great prices. Books will be sent DIRECTLY to students' houses! The link to access the online Scholastic book fair is: <https://www.scholastic.com/bf/trickummiddleschool1> **This link becomes active on Monday, May 3rd.** Want to browse? The link to the digital flyer is: [MS Case booklist](#)

### **Gwinnett County Public Library's Beanstack Reading Program:**

All Trickum students are **required** to read a minimum of two books over the summer to prepare for the fall Language Arts class. To encourage students to read over and above the minimum school requirement, the Trickum Media Center is collaborating with the Gwinnett County Public Library's (GCPL) Beanstack summer reading program. This should give students access to more free books, and hopefully, keep every student reading consistently throughout the entire summer.

### **To participate in Beanstack, students must:**

- Sign up for a FREE GCPL Beanstack account and log 20 hours of reading to complete the GCPL Beanstack program and earn prizes from GCPL branches
- Students will earn badges, prizes, and raffle entries all summer long from the GCPL branches as they track their reading in Beanstack and complete their 20 hours.
- Students interested in participating should go to <https://gwinnettpl.beanstack.org/reader365> to register for a Beanstack account (it's FREE, quick, and easy).
- After the account is created, students will log their reading hours in the Beanstack program (*not on a paper reading log*).

### **But there's the NEXT LEVEL of Achievement: Going "Over" and "Above and Beyond":**

Students who go "Over" the Beanstack required 20 hours (21-39 hours) will be invited to the Summer Reading Celebration and will receive a certificate and prize. Students who go "Above and Beyond" (40+ hours in Beanstack) will be recognized for going "Above and Beyond" by receiving a FREE book!!

### **"Above and Beyond" Requirement:**

Students must log 40 or more hours in the GCPL Beanstack reading program (in Beanstack, not on a paper reading log)

***Students who ACHIEVE these Summer Reading Designations receive a special invitation to the Summer Reading Celebration held in 2021. This celebration includes certificates, donuts, free social time, and some special Media Center surprise "perks and prizes." DON'T MISS OUT!!!!***

**ALL students who complete the Beanstack requirements will receive some recognition.**

**HAVE FUN READING THIS SUMMER! START THE YEAR STRONG!**
