Assistant Principal

Dear Rock Springs Families,

Whether you are new to the Collins Hill community or have lived here for a long time, I would like to formally welcome you to Rock Springs Elementary. I have served as a school administrator since 1996 both in Georgia and Alaska – ten years in Gwinnett County Public Schools. I was appointed Principal of Rock Springs in January, 2018. It is an honor to serve and support the students and teachers of the Collins Hill cluster where our motto is *Our Community, Our Promise, Our Future*.

The vision of GCPS is to become a system of world-class schools where students acquire the knowledge and skills to be successful in college and careers. At Rock Springs, our school program is focused on this vision by ensuring that each student receives the support to be successful in demonstrating mastery of the grade level curriculum – the district’s academic knowledge and skills (AKS).

In addition to this focus on student learning, we also make available extra-curricular clubs to provide experiences outside of the expected grade level curriculum. Chess Club, Art Club, and our Orchestra Club are only a few examples of offerings that are provided each semester. I encourage you to take advantage of these opportunities when possible.

We also have a very supportive parent-teacher association. Our Rock Springs PTA supports student events throughout the school year as well as supporting our teachers through various forms of recognition, classroom supplies, and volunteerism. Please contact the school if you would like to serve with our local PTA.

Our local school council also meets quarterly to review our instructional program and offer suggestions and advice as we continuously review our school program to consider areas of improvement.

Our Community, Our Promise, Our Future – again, I welcome you to the Collins Hill community where our students are the “Promise” for a future that is certain to be bright, visionary, and supportive. I promise that we will do our best to provide a high-quality, comprehensive education that will prepare your child for the next steps in their educational career.

Please do not hesitate to contact me should you ever have any questions or concerns.

Sincerely,

Dr. Allan Gee
