Greetings Anderson-Livsey Elementary School Community!

I am honored to be your principal and pleased to welcome you back to school for the 2023-2024 school year! It is truly a privilege to be part of a learning community where all staff members strive to build positive relationships to support our students' academic and social-emotional needs.

Our theme this year is "Building Bridges from Empathy to Excellence!" We will do this at Anderson-Livsey Elementary School (ALES) by working collaboratively with you to provide rich learning environments that foster independent thinkers and promote a school culture of safety and respect.

The dedicated staff at ALES has been working tirelessly to fine-tune our instructional models, engage in professional learning opportunities, and update class routines and expectations, all with the goal of fostering academic success for ALL students. Our teachers are eager to meet their new students and begin this year's journey with them. Our primary goal is to ensure student proficiency and excellence in core academic subjects, so we will continue to:

1. Refine Tier I instruction,
2. Analyze data,
3. Conduct observations,
4. Provide counseling as appropriate,
5. Implement Tier II and Tier III programs and learning strategies, as needed, and
6. Review classwork to guide instruction and intervention.

Additionally, we will continue our focus to integrate into our students' daily school experience Social Emotional Learning (SEL), Responsive and Restorative Practices, and Classroom community-building techniques and strategies. We will continue to work together to create a solid foundation, so our students become self-directed learners, collaborative teammates, critical thinkers, and responsible citizens.

All children love learning in an environment that is positive, safe, and caring, as well as a fun place to learn and grow. By adhering to the three PBIS Rs - Respect, Responsibility and Resiliency - our dedication to creating a diverse and equitable learning environment will undoubtedly help our students thrive academically, socially, and emotionally.
