Dear Annistown Elementary Parents and Community,

Welcome to the 2019 – 2020 school year at Annistown Elementary School. I am extremely honored to continue this journey of leading and learning together as a school community. We are looking forward to a successful school year, filled with learning, excitement and growth. We will continue to review and develop the educational program to stay the course in raising the bar for students, as well as academically challenge and engage each student by linking what they are learning in school to knowledge and experiences that matter most to them. Everyone at AES is committed to providing your child with a superior learning experience.

I look forward to starting this school year with the excitement of a new beginning. A beginning where we welcome new families to our community, celebrate our continuing families, and strive for ways to continue to propel our school into the future! I welcome and value your positive energy and dedication to excellence in education.

This year, our theme is **T.E.A.M. Annistown; Together, Everyone Achieves More!** When students, teachers and parents work together, every child can succeed. We ask you to join with us to support the learning and growth of your child. It is my belief that parents are a child's first teacher and play an integral role in their education. I invite you to participate in open, honest and continuous communication with your child's teachers to ensure a successful home-school partnership. I encourage you to communicate your child's needs throughout the year so that he or she has "THE BEST" educational experience.

I have been inspired by the strong collaboration and commitment to student learning at Annistown Elementary. Together, we can ensure that we are all learning and growing for our number one priority: Doing what is best for OUR children/students!

Again, I am privileged to lead such an outstanding school community, and I look forward to the partnerships that will develop throughout our journey to accomplish both a rewarding and successful school year. Please do not hesitate to contact me with ideas, suggestions or opportunities to enhance our educational environment and culture of success. I am confident that with your support and involvement, Annistown will continue to be a wonderful place for your child to grow and learn.

Proud to be a General,

Gwenda Nimmo – Smith
