Special Offers!

Hello, Baggett Elementary School students and families!!! We here at Lifetouch are honored to have been able to photograph your students this year, it was an amazing experience. With picture day now complete, your images are currently at our lab being touched up and processed so they can be ready for you soon. Once they are ready we will send a "Proof" of your child's picture to the school to be sent home for your review. On this proof we will have the "Portrait ID" as well as a unique "Access Code" so that you can securely view and order your student's images online at www.MyLifetouch.com.

We also know your families are on the go. Which is why our mobile-friendly picture ordering site, MyLifetouch.com allows your families to mix and match poses and backgrounds to create their own packages. This is a one-of-a-kind ordering experience that families can't get anywhere else.

If you have any questions after receiving your proofs or want to order pictures over the phone you can call our customer service number at 1-800-736-4753. Our customer service center is open Monday-Friday from 8am-8pm EST. We look forward to a great year.
