GMC Center for Weight Management
All Access Pass

Join us for a weight loss program educational seminar to learn about all the services we have to offer.

RSVP: gwinnettmedicalcenter.org/bariatrics

IT'S TIME FOR A CHANGE.

Wellness¹⁸⁰

 GMC Center for Weight Management

Wellness 180 is a physician supervised, family-centered program that requires a six-month (180 day) patient/caregiver commitment. The program is just for middle school and high school aged youth (11-17 years of age). The goal of Wellness 180 is to build long-term, sustainable and healthy lifestyle behaviors to address weight related health issues.

Pre-teens, teens and their families will work with a board-certified pediatrician, nurses, registered dietitians, behaviorists, and a fitness specialist. This team, along with a trained support staff, will help families navigate their way to achieving sustainable lifestyle changes. The end result is much improved overall health and wellness.

To learn more or to schedule a consultation, call 678-312-6200.

Center for Weight Management
