An important message from our Cafeteria!

As we approach the end of the school year, I wanted to remind you that students will no longer be able to charge their meals after **April 30th**. If a student does not have sufficient funds on their account after April 30th, they will receive an alternate meal until sufficient funds are applied to their account. In order to avoid this situation, we strongly encourage you to check that your child has enough funds on their account through the last day of school, which is **May 22**.

Additionally, if your child has a negative balance we kindly ask that all negative balances are paid no later than **May 22**.

If you have any questions, please contact me.
