"Where Learning is a Lifelong Journey"
September 9, 2022

Lunch Visitation Update

Due to our increased student enrollment, lunch visitors and their students must eat in the designated visitor dining area. This room accommodates 16 seats. As visitors arrive for lunch, we will begin keeping count and once the maximum is reached no other visitors will be allowed to stay for lunch that day. Also, please remember lunch is 25 minutes long, you may eat with only your student (not their friends) and quick goodbyes are said in the Cafe.

Thank you for your understanding and cooperation, we appreciate your support.

Bus Stop Reminder

From GCPS Transportation Department:

Students are to be standing at the bus stop five minutes prior to the bus arrival time. Students are not to be waiting in the house or car. Running to the bus stop is a very dangerous practice and could result in injury.

Digital Learning Day

Friday, September 16 is the first GCPS Digital Learning Day of the 22-23 school year.

All students will learn from home that day.

Arts in Education Week

National Arts in Education Week takes place annually during the week beginning with the second Sunday of September. This year it falls on September 11 – 17, 2022

The arts are an essential part of a complete education, no matter if it happens in the home, school, or community. Students of all ages—from kindergarten to college—benefit from artistic learning, innovative thinking, and creativity. Celebrating **National Arts in Education Week** is a way to recognize this impact and share the message with friends, family, and communities.

National Arts in Education Week is a national celebration recognizing the transformative power of the arts in education. Passed by Congress in 2010 [through House Resolution 275](#), the celebration is designated to bring attention to this cause for elected officials and educational decision makers across the country and to support equitable access to the arts for all students.
