eCLASS Digital Learning Day Parent Guide

Gwinnett County Public Schools monitors the weather and assesses any possible impact to our area. Just a reminder that should the decision be made to close school or delay opening the decision will be communicated using social media, the GCPS website, SchoolMessenger email, and via local news media.

In the event that a school closure is necessary, the school district could opt to hold a Digital Learning Day. If the decision is made to hold a Digital Learning Day, that will be communicated and students should visit their eCLASS Course Pages for information about completing assignments.

Information regarding Digital Learning Day assignments will be posted in the teacher's Announcements/Activity Feed tool by the following times:

- ❄️ High School – 8:00 a.m.
- ❄️ Elementary Schools – 9:00 a.m.
- ❄️ Middle Schools – 10:00 a.m.

Teachers will be available throughout the Digital Learning Day to answer questions.

Students will be allowed two days for each day missed after returning to school to complete and turn in assignments.
