employment practice, educational program,  
or any other program, activity, or service.

Gwinnett County Public Schools is a  
Learning 2025 Demonstration District.

June 7, 2022

Dear GSMST Families and Community,

My name is Logan Malm, and I am honored and excited to be named the new principal of Gwinnett School of Mathematics, Science, and Technology (GSMST). It is such a privilege to join a school community that is widely recognized for its academic excellence, rigorous STEM program, and tremendously talented students. I look forward to continuing the great work that is already underway while embarking on the infinite possibilities that lie ahead for our students, school, and community. I firmly believe that every student deserves a rigorous, engaging, and relevant high school experience that prepares them for future success after they graduate. I am committed to building lasting and collaborative relationships with our students, parents, and school community to help make this belief a reality.

My passion for the sciences started early and led me to a fulfilling career in Gwinnett County Public Schools. In my 12 years as an educator, I've had a wide range of experiences that enabled me to help students, staff, and communities grow and achieve at high levels. As a high school teacher, I have taught Chemistry, AP Biology, and IB Biology. In addition, I held roles as a local school technology coordinator and had the incredible opportunity to open Paul Duke STEM High School as an Assistant Principal. Before being named principal of GSMST, I served as Gwinnett County Public School's K-5 Science Director, supporting all 81 elementary schools in Science, STEM, and Computer Science initiatives.

Outside of education, I am a mother and a wife. My husband and I have two sons that attend elementary school in GCPS, and they keep us very active! I enjoy spending time with family and friends, gardening, and cheering on the Clemson Tigers.

To the GSMST school community, I sincerely welcome your input and conversation as I begin this role. It is vital that all voices are heard and that our students and families feel welcomed and valued. Please know that I am ready to listen, support, and authentically engage with you.

I look forward to a great school year full of academic growth, personal accomplishments, and engaging learning experiences. I hope you all have a safe, relaxing, and enjoyable summer, and I will see you soon!

Sincerely,

*Logan Malm*
