Greetings GIVE Center East Community,

It is with great pride that I write this letter of introduction to you as the newly appointed principal of GIVE Center East. I am honored to become a member of this great school community. During the past few weeks, I have had the opportunity to learn about the school from leadership, staff, and students. I am inspired by everyone's shared sense of dedication and purpose. Together, we will continue to pursue excellence in intervention, service, and academics that prepare all of our students for college and careers.

Over the past 12 years, I have supported students in grades K-12 in some capacity by serving as a teacher assistant, teacher, teacher mentor, and administrator. My passion is ensuring that all children, regardless of their background or current circumstance, are exposed to the absolute best learning experiences and know the path to success. My experiences in education have taught me that students thrive when they are nurtured in an education environment that motivates them to aspire to greatness and appropriately holds them accountable for meeting high academic and behavioral expectations; this is what GIVE Center East is all about!

As the new principal of GIVE Center East, I look forward to working with you and the staff to meet the individual academic, social, and emotional needs of our students as we empower them to reach their full potential. GIVE Center East will continue to make decisions that are in the best interest of all students that enter our doors. Please feel free to stop by and inquire about how you can become a GIVE Center East Partner in Education.

In Service,

Brandon Bell, Ed.D.
