

Dear Rising Sixth Grade Parents,

I am sure that it is hard to even begin to comprehend that your children are almost ready for middle school! Well, that time has come for them to make one of the largest transitions they will make, however, we are excited and ready for them! While it might be a little scary and certainly different, for you and your child, given the current environment, it's an exciting time for us to see what wonderful children we will be getting from our fabulous elementary schools. We know that our elementary schools have done an amazing job preparing the students for their middle school experience. We can assure you that Crews Middle School will continue to "Build a Tradition of Excellence!"

Based on the information posted on our website, you will see that we have been planning for your student for quite some time. Our #1 goal is to ensure the students have a smooth transition to Crews Middle School. Please scan the QR code below to review all of the rising 6th grade documents available on our website. Some of the information you will find includes videos from our Fine Arts Department, People to Know, Connections Preference Form, and Counselor Information, as well as a form to submit questions you may have. I encourage you to place any questions you have on the question form, as we will host a live Question & Answer Zoom session on **March 15, 2021 from 5:30 PM until 6:45 PM**, so please mark your calendars!! The Zoom link will be provided at a later time. We do not want you to miss out on any pertinent information, so please access the Crews website via the QR code provided.

Crews Middle School is a great school! Our faculty is dedicated to working with parents and students to continue the success that is a tradition within the Brookwood Cluster. We look forward to seeing you on March 15th via Zoom for our Bronco Basic Skills Q & A session for parents. Please take care and stay safe!

Regards,

Mrs. Melissa Robertson

Assistant Principal
