

Looking for a 'family first' job that's rewarding?

Use your skills in the kitchen to help support your family!

If you need a job but want to be home when your kids are home from school, join the Spur Team in GCPS' School Nutrition Program (SNP)!

- School Nutrition Program workers have summers and student holidays off and don't work nights or weekends.
- Most positions are 4 to 5 hours per day in a fast-paced kitchen, and SNP workers can pick up additional shifts up to 40 hours a week.
- As contract workers with Spur, cafeteria workers are paid weekly by direct deposit or paycard, and are eligible for benefits.
- Training is fully paid and Spur staff members have a path to GCPS employment once they've worked their first year with Spur.
- Pay starts at \$12.50 per hour, plus benefits, and Spur employees are eligible for GCPS' \$500 incentive for proof of COVID-19 vaccination.

Join us to help "energize the future" as a school nutrition worker, serving healthy, nutritious, and tasty meals to fuel learning!

If you think you may be the missing ingredient on our School Nutrition team, apply online today!
