

Gwinnett Online Campus provides several online learning options for GCPS middle school students. In addition to the full-time program, GCPS students can participate in the supplemental and summer school programs. Students in all programs have access to their content anytime, anywhere 24/7 and all courses are taught by GCPS teachers.

The Full-Time program is open to all Gwinnett County residents throughout the year.

- Students take all 6 of their courses with GOC
- Students **can** participate in on-campus and social opportunities
- Families should come in-person to register
- All GCPS promotion requirements are maintained
- Course catalog includes all levels of language arts, math, science, and social studies as well as connections courses and several Carnegie options in 8th grade
- More information about the full-time program can be found on the GOC website at [Full-Time Program](#)

The Summer School program is open to current GCPS 8th graders who wish to take high school courses before 9th grade.

- Students are only eligible to take the mandatory Personal Fitness course and/or the mandatory Health course
- All work is completed online away from the school
- Students must attend in-person final exam testing
- Pre-fitness testing for Personal Fitness can be completed at home
- Students must self-register on MyPayments Plus beginning in February; the cost for Summer School is \$250/course
- More information about the summer school program can be found on the GOC website at [Summer School Program](#)

The Supplemental program is open to current GCPS students who wish to take some of their classes online.

- Two supplemental options are available to students: **FTE** and **Tuition**
 - **FTE** students take 1-5 classes as a part of the regular school day and must be registered by the home school assistant principal; registration communication will be sent to local schools following Spring Break
 - **Tuition** students take extra courses for \$250/course and the student must self-register on MyPayments Plus beginning in July
- Supplemental students **cannot** participate in on-campus and social opportunities
- Available courses include all levels of language arts, math, science, and social studies as well as the following **Carnegie** option connections:
 - Spanish I
 - Spanish II
 - Marketing Principles
 - Introduction to Business Technology
 - Foundations of Engineering
- The following **non-Carnegie** CTAE courses are available to support the CS for All initiative:
 - Foundations of Computer Programming (6th grade)
 - Foundations of Secure Information Systems (7th grade)
 - Foundations of Interactive Design (8th grade)
- More information about the supplemental program, including important dates, can be found on the GOC website at [Supplemental Program](#)

Questions or concerns should be directed to the Middle School team at gwinnettonline@qcpsk12.org
