

Rising 9th Grade Family!

Discovery High School is extremely enthusiastic about sharing in this milestone with you and your rising 9th grade student. Starting off a student's high school career is both exciting and has the potential to launch students toward future success!

9TH GRADE ELECTIVE CLASSES FOR 21-22

Beginning on December 7th, 2020 and each day of that week, your students learned what to expect once they get to Discovery High School. Students also learned specific details about each of the elective classes they could choose to take in their 9th grade year here at Discovery. Your students used this information to enter their 4 top ranked elective choices. All students will receive at least two of their top 4 choices.

IMPORTANT!!! If your student **did not** complete the Elective Registration Google Form shared both In-Person and provided Digitally by Home Room teachers on 12/16, 12/17 and 12/18 Discovery High School will select classes for your student. In the event this occurs, please note that schedule changes **will not** be considered.

MATH, LANGUAGE ARTS, SCIENCE AND SOCIAL STUDIES CLASSES FOR 21-22

Your student's current math, language arts, science and social studies teachers placed your child into these core classes based on students' current progress. In January, your family will receive a listing of your student's 9th grade classes for your review.

RISING 9TH GRADE NIGHT

Discovery High School's Rising 9th Grade Night will be held virtually on February 2nd at 6PM. We hope every student and their family will attend!
