We will offer online, self-paced PE and Health courses this summer through the Seckinger Community School from May 31-June 23. More details will be forthcoming.

Jaguar Bytes, our weekly parent newsletter, will be published every Friday, beginning February 4. It will contain bytes of just-in-time information for your family as we prepare to launch Seckinger High School.

We have recently learned that we could receive the keys to our new home as early as April 1. We are so excited to begin freshman orientation activities and host school tours in person!
