Local School Plan for Improvement

McClure Health Science HS

Nicole Mosley, *Principal*

Anthony Smith, *Assistant Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school's plan and progress.

- **Long Term Goal**

McClure Health Science High School will improve the four-year cohort graduation rate for all students.

- o **Annual Goal**

McClure Health Science High School is committed to high levels of student success as evidenced by 75% of our students scoring proficient and/or exceeds on all state and district assessments including the Gateway Exams (pending administration).

- o **Annual Goal**

McClure Health Science High School ninth-grade promotion rate will be 100% for SY 20/21.

- **Long Term Goal**

McClure Health Science High School will increase End of Pathway Assessment (EOPA) participation and pass rate for all students, resulting in student industry certifications.

- o **Annual Goal**

100% of McClure Health Science High School students enrolled in course three of a CTE pathway will take the End of Pathway Assessment.

- **Long Term Goal**

We will build our parents' capacity to support their children's academic achievement by implementing the activities identified in The Plan/The Promise.
