

2022-2023 Local School Plan for Improvement (LSPI)

School: Brookwood High School Cluster Superintendent: Kelli McCain

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI) to increase student achievement results, with targeted goals based on the four strategic priorities within the district's [Blueprint for the Future](#): **Empathy, Equity, Effectiveness, and Excellence**. All schools across the district will focus on goals **2A- Multi-tiered Systems of Support and 2B- Opportunity and Access**. However, schools are required to select one goal from each of the other strategic priorities for the 2022-2023 school year. LSPI goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Multiple data points are used to determine areas needing improvement and to identify specific, measurable, annual objectives. Key Performance Indicators (KPIs) are the way we will measure success for each goal. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, students, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement.

<p>Goal 1B: LSPI 90 Day Action Step Update</p> <ul style="list-style-type: none"> BHS students continue to have daily contact with their guided study advisor and participate in SEL lessons each Monday. Students have input into topics discussed during this time. 9th-grade students continue to participate in the MERGE program including opportunities to learn from older BHS student leaders during advisement times. Students showing the need for more intensive social behavioral support have met with a community mentor and counselors. Our plan for extended lunch did not lead to our intended outcomes so it was cancelled. The cancellation of this, while taking away free time from students, has led to a decrease in behavioral incidents in our cafeteria during lunch. BHS continues to implement PBIS with a focus in 9th-grade. 			<p>Data Update on Available Measures</p> <ul style="list-style-type: none"> Our LSPI goal will be ultimately measured using the results of the EES survey which our students recently took. Unfortunately, we do not yet have those results. Using an internal measure, we recently found a sharp increase in positive responses from students regarding having an adult in the building who knows and cares about me. We do not yet have staff data to measure our progress on our teacher-related goal.

- BHS has increased the number of academic intervention opportunities for students this school year. We actually added one more than we initially intended to based on student need.
- Administrative team has discussed and made it a priority to hire teachers who are ESOL certified and secure commitments from current teachers to obtain ESOL certification before next school year.

- Conversations and hiring decisions are happening now to increase our number of ESOL certified teachers.

Equity 2B:
Opportunity and access

Brookwood High School believes that all students should be afforded opportunity and access to high quality, rigorous, and culturally relevant curriculum, advanced coursework (e.g. Advanced Placement and dual enrollment), and enrichment activities. We believe that students who are highly engaged and challenged will have greater levels of success academically and behaviorally.

- Increase specificity and improve communication around access to honors and AP course opportunities.
- Maintain Opt-in/Waiver process to ensure all students have access to honors and AP coursework
- Continue BELT team planning to identify and address needs pertaining to access issues.
- Initiate Junior BELT to include student voice in access issues/opportunities.
- Strengthen and improve PBIS delivery and implementation.
- Continue to provide access to the more than 80 clubs/activities plus full varsity and sub-varsity athletic programs.

Budget Implications:

Minimal costs associated with BELT and creation of Junior BELT. Also, costs associated with supporting teachers operating our clubs/activities.

Person(s) Responsible:

- We will increase the percent of 12th graders who complete an AP course and exam, or dual enrollment course during their high school career to over 50%. (46.1%)
- We will improve our ISS & OSS disproportionality index with the goal of reaching 1.0.

Race/Ethnicity	ISS Disproportionality Index	OSS Disproportionality Index
Black	1.175	1.229
White	0.733	0.791
Hispanic	1.532	1.479
Asian	0.546	0.284
Multiracial	1.323	1.858
