

2022-2023 Local School Plan for Improvement (LSPI)

School: Lanier Middle School Principal: Bryce Fulcher

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI) to increase student achievement results, with targeted goals based on the four strategic priorities within the district's [Blueprint for the Future](#): *Empathy, Equity, Effectiveness, and Excellence*. All schools across the district will focus on goals **2A- Multi-tiered Systems of Support** and **2B- Opportunity and Access**. However, schools are required to select one goal from each of the other strategic priorities for the 2022-2023 school year. LSPI goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Multiple data points are used to determine areas needing improvement and to identify specific, measurable, annual objectives. Key Performance Indicators (KPIs) are the way we will measure success for each goal. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, students, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement.

Strategic Priorities & Goals Focus Work	Rationale	Action Steps (Implementation Design)	How will you measure growth? Growth Factors (KPI Baseline & Targets)
Empathy 1B: Staff and student wellbeing	Lanier Middle School believes in promoting student and staff wellbeing through prioritizing self-care, physical and mental health, and social emotional learning.	Principal's Student Advisory Committee Lanier Middle School will work to enhance student voice through the development of a committee aimed to inform school decisions and practices. PBIS Lanier Middle School will continue to recognize, celebrate, and model positive behaviors of students. Strategic Priorities Professional Learning	EES Staff Question: "I receive training on instruction to support social emotional learning." <i>Baseline: 54% positive response</i> <i>Goal: 75% positive response</i> EES Student Survey Characteristic: Self-Management: <i>Baseline: 67.7% positive response</i> <i>Goal: 75% positive response</i> Relationship Skills: <i>Baseline 63.7% positive response</i> <i>Goal: 75% positive response</i> Responsible Decision Making: <i>Baseline: 61.9% positive response</i> <i>Goal: 75% positive response</i>

	<p>comprehensive framework to fully operationalize a multi-tiered system of supports to address academic and non-academic student needs will result in removing barriers to success.</p>	<p>use of iReady, Amplify, Achieve 3000, Read 180, and REP Programming.</p> <p>Behavior Intervention Personnel Lanier Middle School will train personnel in behavior intervention as a means to respond to student behaviors with positive impact.</p> <p>Universal Screeners Lanier Middle School will administer academic and wellness universal screeners to students in order to provide early intervention and acceleration.</p>	<p>Reduce the “% beginning and developing” on LA & MA Milestones Assessments:</p> <p><i>Language Arts Baseline 2021-22: 40%</i> <i>Language Arts Goal 2022-23: 35% or less</i></p> <p><i>Math Baseline 2021-22: 42%</i> <i>Math Goal 2022-23: 37% or less</i></p>
<p>LSPI 90 Day Update</p>			<p>Data Update on Available Measures</p> <p>Over the course of the first semester, Lanier Middle School has met the 95% threshold for participating in the Academic and Wellness Universal Screeners. Data from these screeners has been used to identify students in need of intervention, specifically, contributing to the establishment of Lanier Middle School’s Remedial Education Program designed to support students in closing academic achievement gaps. Lanier MS teachers continue to provide instruction at a high level evidenced by 8th grade students’ participation and results in PSAT 8/9; the results from which suggest students are on track to reduce the % beginning and developing on the LA and MA Milestones Assessments with students earning the highest scores since administration of the assessment began. These “highest scores” widened the performance</p>
