

2022-2023 Local School Plan for Improvement (LSPI)

Public Document

School: Richards Middle School

Principal: Mark McCain

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI) to increase student achievement results, with targeted goals based on the four strategic priorities within the district's [Blueprint for the Future: Empathy, Equity, Effectiveness, and Excellence](#). All schools across the district will focus on goals **2A- Multi-tiered Systems of Support and 2B- Opportunity and Access**. However, schools are required to select one goal from each of the other strategic priorities for the 2022-2023 school year. LSPI goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Multiple data points are used to determine areas needing improvement and to identify specific, measurable, annual objectives. Key Performance Indicators (KPIs) are the way we will measure success for each goal. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, students, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement.

Strategic Priorities & Goals Focus Work	Rationale	Action Steps (Implementation Design)	How will you measure growth? Growth Factors (KPI Baseline & Targets)
Empathy 1B: Staff and student wellbeing	To maximize the teaching and learning experience, it is critical to prioritize the well-being of our staff and students, so they are in their optimal physical, mental and emotional frame of mind when they enter the classroom each day.	<ol style="list-style-type: none"> 1. A Principal Student Advisory Council is being created and other student centered activities planned, to increase opportunities for student voice throughout the school. 2. A Principal Teacher Advisory Council is being created and other incentives and recognitions planned, to increase opportunities for teacher voice and satisfaction throughout the school. 3. Student clubs and extracurricular activities are being expanded based on the needs and desires of our students as outlined in the 	<ol style="list-style-type: none"> 1. Richards Middle School EES Student Survey results will increase by 3% from 39% to 40.17% based on the theme "I enjoy coming to this school". 2. Richards Middle School EES Staff Survey results will increase by 3% from 55% to 56.65 based on the theme "when there is a problem in my school, we talk about how to solve it".

LSPI 90 Day Update

The following initiatives, programs, and activities have taken place to support the four action steps for the “Opportunity and Access” goal.

1. The GCPS 1:1 device initiative has been initiated, with all students receiving a Chromebook for use at school and at home.
 - All Richards Middle students have been issued Chromebook devices (/08/22) and protective sleeves for use at home and school.
2. Extracurricular clubs and activities have been expanded for students to have greater opportunities for engagement, connection, socialization, and enrichment.
 - As mentioned in goal one, student clubs and extracurricular activities are in full swing, with the addition of multiple new clubs this school year. Last year the school had 11 clubs and we have added 5 clubs, bringing the number to 16 clubs.
 - Students have interviewed for the C5 Georgia Student Leadership Program. 11/22
 - Latino students from Richards Middle attended the Annual Latino Youth Leadership Conference at Emory University in December. 12/3/22.
 - 6th grade students have participated in the field trip to Junior Achievement BizTown at Discovery High School to explore a simulated economy and learn how businesses and organizations function to provide goods and services, and jobs for people in our society. 10/12-10/21/22)
3. The school’s “Computer Science for All” initiative enters the second year with a Discovery Cluster vertical team of educators leading the work. A new Richards’ Robotics Team is a key highlight of this work.
 - Richards Middle Computer Science teachers and administrators have participated in multiple Discovery Cluster Vertical Team PD (09/13/22; 10/18/22; 11/29/22), to continue implementation of the Computer Science for All initiative and planning for the Cluster Stem Night in January (01/24/23).
 - The new Robotics Team competed in several multi-educational level competitions in the first semester, concluding with the middle grades competition at Brookwood High School on 01/21/23.
4. An updated GCPS student behavior support plan is being implemented, allowing for additional behavioral interventions to help decrease suspensions and tribunals. Restorative Justice Training for all teachers will also support this strategy.
 - Teachers, counselors, paraprofessionals and administrators have received their first training in Restorative Justice Circles (9/29/22), with the challenge of implementing circles in their classes at least once by the end of this semester.
 - Advisement classes are facilitated by teachers each week on Monday’s to support the school’s SEL and character education efforts for students.

Data Update on Available Measures

1. Currently, the percentage of black students who have received ISS is 16.1% and black students who have received OSS is 8.5%. We are on a positive trajectory for meeting the school’s goal of reducing the ISS to 21.8% and OSS 15.11% for our black students.
2. The data for increasing gifted program student eligibility is not yet available.

- The school uses SchoolMessenger to communicate timely information about events, activities, or special programming in the school or district. School Messenger is also used in the event of an emergency or critical information from school administration.
3. Students will be offered opportunities to thrive in academic, art, athletic and career/ technical education settings in order to foster greater relevance and excitement for the overall educational experience.
- Students are offered a wide-array of academic, beyond the core, and extracurricular activities to engage and enrich their “whole-child” learning experience while at Richards Middle School.
4. Families will be offered multiple opportunities to participate in culturally relevant celebrations, fine arts events, competitive sports activities, and a wide variety of parent informational meetings.
- Parents have attended multiple fine arts events for Band, Orchestra, and Chorus programs. They have also been able to see students participate in multiple sports’ competitions at local high schools throughout the first semester.
 - The Principal, Assistant Principal, Counselors, and Parent Instructional Coordinator held an informational Donuts and Coffee meeting with Vietnamese parents in the school. The GCPS Vietnamese translator supported this gathering. 09/08/22
 - The school celebrated Hispanic Heritage Month and capped the experience with an outdoor Band, Orchestra, Movie Night Celebration with guest speaker Jonathan Campos, food trucks, and other vendors. 10/18/22
 - The school hosted parents for Early Release conferences. 10/19-10/20/22
 - Parents and staff members participated in the beginning of the year Title I Parent Meeting to communicate the schools LSPI, Title I Budget, and Family Engagement Plan. 10/30/22
 - Parents have participated in one Local School Council meeting with the principal and other certified teachers from the school. 10/26/22; 12/13/22
5. Teachers will participate in weekly team collaboration and a variety of additional professional learning experiences during the year to support their growth and maximize their effectiveness with students in the classroom.
- Teachers meet every Tuesday for Collaborative Learning Team planning meetings.
 - Teachers have attended a wide variety of local school and GCPS professional learning opportunities and training sessions to develop their effectiveness as educators and to enhance their impact on student learning and behavioral outcomes.
