

2022-2023 Local School Plan for Improvement (LSPI)

School: Suwanee Elementary Principal: Dr. Mary Taylor

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI) to increase student achievement results, with targeted goals based on the four strategic priorities within the district's [Blueprint for the Future: Empathy, Equity, Effectiveness, and Excellence](#). All schools across the district will focus on goals **2A- Multi-tiered Systems of Support and 2B- Opportunity and Access**. However, schools are required to select one goal from each of the other strategic priorities for the 2022-2023 school year. LSPI goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Multiple data points are used to determine areas needing improvement and to identify specific, measurable, annual objectives. Key Performance Indicators (KPIs) are the way we will measure success for each goal. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, students, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement.

Strategic Priorities & Goals Focus Work	Rationale	Action Steps (Implementation Design)	How will you measure growth? Growth Factors (KPI Baseline & Targets)

90 Day LSPI Update

Empathy 1B: Staff and Student Well-Being

Suwanee fosters ongoing student and staff wellbeing by supporting the physical and mental health of all students and staff.

Suwanee Elementary students continue to be recognized for Being the Suwanee Jaguar Leader by exemplifying action traits like respect, teamwork, kindness, and perseverance and are empowered to be student leaders. Students are given the opportunity to build confidence and provide a sense of belonging. Students take ownership of sharing examples of the BLT characteristics on the morning news and in the classroom.

Suwanee continues to use positive behavior strategies utilizing our “ROAR Behavior Matrix” to support student well-being and high classroom expectations.

96% of staff responding positively to the following EES Staff Survey items (weighted average):

- My principal/administrator cares about me as a person.

92% of staff responding positively to the following EES Staff Survey items (weighted average):

- Our staff can count on one another for help when needed.

96.7% of students responding positively to the following EES Student Survey items (weighted average):

- My teachers believe student learning is important.

91% of students responding positively to the following EES Student Survey items (weighted average):

- My teachers expect all students to succeed, no matter who they are.

96% of students responding positively to the following EES Student Survey items (weighted average):

- In this school, there is at least one adult who knows and cares about me.
