During an emergency, you will want to get important information and directions from school officials before going to the school. You can be confident that accurate and timely information will be released to parents, the public, and the news media during any emergency incident.

**What is a lockdown?**

During a hard lockdown all school interior doors are locked and students are confined to their classrooms and no entry or exit of the school is allowed. This takes place if there is a threat or possible threat inside the school. During a soft lockdown all exterior doors are locked. This takes place if the threat is outside of the school. In some cases, parents could be admitted into the school with proper identification.

**How will I know if a school is in a hard lockdown?**
The main entrance will be locked.

**If the school is in a soft lockdown, what type of identification will I need to enter the school and/or pick up my child?**

If it is deemed safe to allow others to enter the building, you or your designated emergency contact will need to show a proper form of identification, such as a driver's license or valid photo identification.

**Who determines whether or not a school should be evacuated?**

In the event of an emergency at or near the school, school leaders follow the direction of law enforcement and emergency response agencies in determining whether or not to evacuate the facility.

**What does shelter-in-place mean?**

Shelter-in-place means taking refuge in a small, interior room in the school, remaining there until it is safe to release students. This is a precaution to keep our students safe from hazardous materials that may have been released into the atmosphere. (This is not the same thing as going to a shelter in case of a storm.) This procedure is implemented if it is determined that evacuation or dismissal could possibly place students at risk.

**If the school is evacuated, how will I be able to locate my child?**

Each school has a procedure for helping parents to reunite with their child during a school emergency. Parents will be directed to a specific location where they will be required to show proper identification. Remember, a student can generally only be released to an adult who is documented as an emergency contact. If you are a noncustodial parent, you must be listed on your child's emergency contact information as a guardian and you will be required to show proper identification.

**In regard to school emergencies, what should my child know?**

Important rules for students during a school emergency are:

1. Follow the directions given by the teacher or principal.
2. Before using a cell phone, make sure it is safe to do so.
3. Do not leave the school campus unless instructed to do so. In an evacuation situation or if school is dismissed early, follow the directions provided by the principal.

**Bring Your Own Device (BYOD)**

Gwinnett County Public Schools is a “Bring Your Own Device” (BYOD) district. This program is designed to support teaching and learning through safe, efficient, and monitored wireless access. If your child’s school or class is participating in BYOD, then students are allowed to bring mobile devices with the expectation they will be used as a supplemental instructional resource. The BYOD access may be limited to certain schools, areas, and zones, based on the school’s identification of instructional need.

To participate in the use of BYOD resources, all users must agree to use the school network when available, and not personal mobile data service providers, on their devices. Using the school network ensures a filtered, appropriate solution that is optimized for BYOD use. GCPS is not responsible for any damages, fees, lost functionality, support, or costs that may be the result of students or staff members participating in BYOD. This is a voluntary program, and
students will not be penalized if they do not participate. Whether the device is owned by a parent, student, staff member, or school, the user of the device is responsible for protecting the device at school, on the bus, or at school functions.

Children’s Online Privacy Protection Act (COPPA)
COPPA applies to operators of commercial websites and online services and limits their ability to collect personal information from children under the age of 13. COPPA allows the school to act as the parent’s agent and consent to the collection of a student’s information on the parent’s behalf within the educational context—where an operator collects personal information from students for the use and benefit of the school, and for no other commercial purpose. By signing the response form, parents grant consent for Gwinnett County Public Schools, and Gwinnett County Public Schools’ employees, to act as the parent’s agent in providing consent for the collection of student information within the educational context.

Supplemental Technology and Student Email
GCPS provides access to Google G Suite for Education and Microsoft Office 365 as supplemental resources to the district’s adopted Learning Management System for local schools to use if they wish. GCPS will allow the use and issue student email (Google Gmail) accounts to students for use internal to GCPS only. Students can access the email from any device via the Student Portal. However, for security purposes, students will only be able to send and receive emails to and from other Gwinnett County Public Schools’ Gmail users.

Gwinnett County Public Schools Are No Bullying Zones
The Board of Education believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as the term is defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition and the penalties shall be included in the Student Code of Conduct for all schools within the school system. See Policy JCD and the Student Conduct Behavior Code.
