

8th Grade Supply List – 22-23

All students will be issued a chromebook (with wired earbuds) for the year. This means that no “BYOD” devices will be needed. Students will be required to put their phones ***Away For The Day*** to avoid disruptions to the learning environment. This means students will not be allowed to carry their phones in their pockets. All phones will be placed in a book bag or purse for the day. Since earbuds will be provided by the school, no bluetooth/wireless earbuds should be brought to school by students.

8th Grade Supply List

CMS will NOT be providing student agenda books this year. If you would like your child to use a day-planner/calendar, we suggest you purchase one that suits your child’s needs.
