WHAT IS A FAMILY AND COMMUNITY ENGAGEMENT PLAN?

It is a plan that describes how our school will provide opportunities to improve family engagement that will support student learning at school and at home. All students and their families are invited and encouraged to fully participate in the opportunities described in this plan. The school will provide information and as many opportunities as possible for the participation of all family members.

WHAT IS A SCHOOL-FAMILY PROMISE?

It is a written agreement that outlines how the school, the students, and the family will work together to ensure your child's academic success. An effective School-Family Promise contains the following elements:

- Clear learning goals that are linked to the school's improvement plan
- Specific skills students will learn during the year
- Strategies that staff, families, and students will use to improve student learning
- Ways to extend learning at home
- Methods teachers and family members will use to communicate about student progress
- Opportunities for family members to observe and participate in the classroom
- Jointly-developed by families, school staff, students, community business partners, and other stakeholders during our Planning Meeting
- Reviewed and revised throughout the year

The School-Family Promise is available online through parents' My Payments Plus accounts at the beginning of each school year for parents to review. Parents are asked to acknowledge they have viewed the document as part of their child's registration process. An additional reminder to view and electronically sign the documents sent to families via School Messenger (email only)

within the first month of school. A link to the document also is posted on the school website under the Parents tab and on each student's eCLASS landing page. It is revisited during parent/teacher conferences in the fall, as well as periodically throughout the school year during parent workshops or school-wide events.

ENGAGING AND EMPOWERING FAMILIES WITH...

- ❖ **Title I Program Information:** Program information is available during the Title I Planning Meeting in the spring and Annual Parent Meetings in the fall, on the school website, and in the Parent Center.
- ❖ **Curriculum Information:** Knowing what your child is learning at school is important. We will keep you informed throughout the year about what your child is learning during parent meetings, conferences, eCLASS, and on our school website.
- ❖ **Student Progress Monitoring:** The Parent Portal is an online resource that allows families to view grades, attendance, schedules, assessment results, course history, and much more. Monitoring your child's progress in school is an important way to be engaged.
- ❖ **Parent Resources:** We have many resources available for checkout to use at home with your child. We also host several parent workshops to empower you as you work with your child at home.
- ❖ **Staff Training:** We will train our staff to effectively communicate with you. Your input on how we train our staff is valuable.
- ❖ **Communication:** We will communicate, to the extent feasible, all information with you in a language and format you understand. Whenever possible, we will provide interpreters during parent workshops, and academic events. Translation is available for most documents.
- ❖ **Transition Support:** Entering a new school can be scary for both students and families. We will host events to make sure both you and your child are aware of what is expected and how you can prepare as your child transitions to a new school.
