

Dear Parents or Guardians,

Lilburn Middle School has brought back the ISuccess program for students. This program is an excellent way to provide additional academic assistance for your student. The ISuccess program will have two main focuses:

1. Tutoring Session to complete missing assignments
2. Alternate assignments to build academic knowledge

The program will consist of two sessions a week on Tuesday and Thursday from 4:30 p.m.- 5:30 p.m. The students will be asked to come prepared with any assignments from their teachers to complete during ISuccess. Parents and Guardians we encourage you greatly to allow your student to attend ISuccess if they need any additional academic assistance. The parents will need to be at the front of the school for pick up by 5:15 to encourage timely departures.

The program will begin on Tuesday, September 11th, 2018. If your student plans to attend, please complete the following form and return to your student's homeroom teacher, as we would like to determine a head count of students.

Student Name _____
Homeroom Teacher _____ Grade _____
Parent Name _____
Parent Number _____

Lilburn Middle School
